## **Outdoor clothing**

Outdoor clothing should be tough and comfortable. Wearing several thin layers is better than a few thick layers. A waterproof jacket and several sweatshirts underneath are sufficient. Jeans should not be worn, as they are slow to dry, clinging and cold. Natural colours or camouflage will give you a better chance of spotting wildlife. Walking boots are ideal, but wellies in wet weather and trainers in dry weather will suffice. Please pack your torch, antibacterial wipes/soap and insect repellent at the top of your bag.

## **Food**

Alcohol and non-prescription drugs are not permitted on this course.

## **Itinerary**

The Course will start with a safety brief and introduction. You will then be shown to the camp you will use for the duration of your assessment. Administration and exemptions will take place on the Friday evening. We will then start to work through the Candidate Record Sheet. Once you have finished your assessment and have received your results, you will be free to go.

## **Feedback and Complaints**

Any feedback from you course is always welcome. If you have a complaint it should first be raised with the instructor running the course. If you are still not happy, please contact us in writing at the address above within 10 working days of the course finishing. We will always strive to amend our courses for the best experience for all concerned.
